FROM (DEPT/ DIVISION): Dan Lonai, Administrative Services

PROGRAM: IT

SUBJECT: Controlled Access (FOBs) Pendleton Health

<p>IT is seeking to install a controlled access system at the Pendleton Health building. This will allow us to eliminate the need for staff to have keys to access the building and lab. Access will be logged and can be tracked. This eliminates the need to rekey the building when a key is lost or not returned. Cost to FOB the building is \$8,232.32. This project was included in the IT budget for this year.</p>	<p>() <u>ACTION REQUESTED:</u> Approve payment to Uni-Tech Communications to install a controlled access system at the Public Health building for \$8,232.32.</p>
