Proposal to supply Weed Control Products

Dear Theodore Orr:

Helena Agri-Enterprises is one of the largest agricultural product manufacturer and distributor in the United States. We have multiple agricultural and/or specialty branches located in most states, Oregon and Washington included. This makes us uniquely qualified to meet the requirements of this RFP. The Northwest Specialty branch is located in Spokane, WA. And has two large warehouses. We currently have most of the products that you're requesting in stock in Spokane. If we don't have it in Spokane, we can probably get it to you from another branch. We have a reputation for providing quick service and would like a chance to prove it to you. Please allow 3 to 5 business days for delivery. Most things will get to you in 2 to 3 days but if we have to bring something in from another branch it might take up to 5. If there is a manufacturer shortage (it happens), I will let you know ASAP so we can come up with a solution.

Please see the included product price list. These prices will be valid through December 31, 2025. These prices include delivery to Umatilla County. Please see included USB flash drive for copies of all product labels included on this proposal.

Sincerely,

A handwritten signature in blue ink that reads "Charlie Hanna". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Charlie Hanna
