RE: Proposal for Vehicle Upfitting and Fabrication Services

To Whom It May Concern:

Please find enclosed proposals for the following vehicles:

- 2025 Dodge Durango Pursuit Vehicle
- 2025 Ford Expedition SSV Vehicle
- 2025 Ford F-350 XL Crew Cab Pickup

These Vehicles are quoted to Specifications provided by the Umatilla County Sheriff's Office.

Estimate is valid for 120 days from the date of this proposal.

Lead time for parts delivery is 6 weeks from time of order. Vehicles are expected to be completed in one week intervals from time of parts delivery. All vehicles will be completed within 120 days of bid acceptance.

Payment terms are Due on Receipt with payment for parts being due when they arrive and payment for Upfitting Labor due upon completion of each vehicle.

Sincerely,

A handwritten signature in black ink, appearing to read 'Eric Chick', with a stylized flourish extending to the right.

Proposal of work for Umatilla County and the installation of specialized police equipment for eight (8) vehicles; four (4) Dodge Durango pursuit vehicles, three (3) Ford Expedition SSV, and one (1) Ford F350.

1. 2025 Dodge Durango Pursuit

- 1x 911 Circuits ch27 Harness and supplies(includes full wiring, fuse box/power distribution, timers). **\$1025**
- 1x Whelen 50" Liberty DUO package with CenCom Core Control Package. **\$4000.00**
- WeCanX Expansion Module **\$210**
- 2x Whelen 4" DUO **\$270**
- 2x Whelen U Series TRIO with mount kit - **\$550**
- Whelen Inner Edge RST RBA **\$1075**
- Whelen Tracer WeCanX running lights RBW Kit **\$625**
- 2x Whelen Ion T-Series for License Plate **\$250**
- Whelen SA315 Siren Speaker **\$200**
- Whelen Howler Amplifier with Speaker **\$500**
- Push Bumper- Thunderstruck bumper with rubber pads **\$1555**
- Flat Console-Havis with accommodations for light controller, two radio heads, spotlight controller, cup holders, M500 DVR. **\$655**
- **SUBSTITUTION** Side mount computer mount - HAVIS Computer mount and swing arm. **\$675**
 - i. Substitution Reason- In our experience these mounts are more stable and less likely to encounter issues with hardware loosening/being damaged after prolonged use.
- Weboost signal booster- Drive Reach **\$500**
- Stinger DS LED **\$200**

- Whelen Arges 2 Remote Spotlight with mounting kit and controls **\$900**
- Roll Bar gun mount- Blac Rac 1082 **\$700**
- Accessory USB power and 12v socket **\$15**
- 3x Magnetic mic mounts **\$120**
- Tail Light Flasher **\$120**
- Prisoner Transport system - Center sliding window, slotted poly screen, steel window barriers, black plastic door panels, replacement transport seat with center pull seat belts and cargo barrier **\$3366**
- Cargo organizer system - Cargoraxx with electronics box and utility/weapons drawer **\$2192**
- Antennas and Cables for communication equipment **\$250**
- Motorola M500 Install- **Part of labor**
- Tait TM9455 radios-**install only**
 - i. Our company does not currently have direct access to this equipment. Installation is available, but we would request customer be willing to supply
- Installation Labor - **\$7000**
- **Consolidated Freight Costs - \$500**
- **Total Per Vehicle - \$27,453**
- **Total for Four(4) Vehicles - \$109,812**

2. 2025 Ford Expedition SSV

- 1x 911 Circuits ch27 Harness and supplies(includes full wiring, fuse box/power distribution, timers). **\$1025**
- 1x Whelen 50" Liberty DUO package with CenCom Core Control Package. **\$4000.00**
- WeCanX Expansion Module **\$210**
- 2x Whelen 4" DUO **\$270**
- 2x Whelen U Series TRIO with mount kit - **\$550**
- Whelen Inner Edge RST RBA **\$1075**
- Whelen Tracer WeCanX running lights RBW **\$625**
- 2x Whelen Ion T-Series for License Plate **\$250**
- Whelen SA315 Siren Speaker **\$200**
- Whelen Howler Amplifier with Speaker **\$500**
- Push Bumper- Thunderstruck bumper with rubber pads **\$1555**
- Flat Console-Havis with accommodations for light controller, two radio heads, spotlight controller, cup holders, M500 DVR. **\$655**
- **SUBSTITUTION** Side mount computer mount - HAVIS Computer mount and swing arm. **\$675**
 - i. Substitution Reason- In our experience these mounts are more stable and less likely to encounter issues with hardware loosening/being damaged after prolonged use.
- Weboost signal booster- Drive Reach **\$500**
- Stinger DS LED **\$200**

- Whelen Arges 2 Remote Spotlight with mounting kit and controls **\$900**
- Roll Bar gun mount- Blac Rac 1082 **\$700**
- Accessory USB power and 12v socket **\$15**
- 3x Magnetic mic mounts **\$120**
- Tail Light Flasher **\$1200**
- **SUBSTITUTION:** Prisoner Transport system - Center sliding window, slotted poly screen, steel window barriers, black aluminum door panels, rear cargo barrier **\$2885**
 - i. No currently available replacement rear seat for Ford Expeditions that will match with existing partition systems.
- Cargo organizer system - Cargoraxx with electronics box and utility/weapons drawer **\$2192**
- Antennas and Cables for communication equipment **\$250**
- Motorola M500 Install- **Part of labor**
- Tait TM9455 radios-**install only**
 - i. Our company does not currently have direct access to this equipment. Installation is available, but we would request customer be willing to supply
- Installation Labor - **\$7000**
- **Consolidated Freight Costs - \$500**

- Red Goat Fabrication Bumper - **\$1975**
 - i. Price shown is with full grill guard. Other options and brands are available on request.
- Warn XP 12-S Winch - **\$2315**
- **SUBSTITUTION** 20" Single Row LED Light Bar for Front Ironman4x4/GoRhino - **\$249**
 - i. **Reason:** This slightly slimmer lightbar offers similar output alongside a preferable lens shaping for light dispersion based on our install experience. We have used it for over 12 LEO builds and many others.

- **SUBSTITUTION:** Cube Lights 3" Amber/Clear flood beams quantity of 2 clear 2 amber - **\$420**
 - i. **Reason:** These lights maintain a similar space requirement while allowing additional mount positions, such as flush mounts. The LED diode are housed near the exterior of the assembly, allowing for better cooling and use of preferable lens shape for light dispersion.
- Flat Console-Havis with accommodations for light controller, two radio heads, spotlight controller, cup holders, M500 DVR. **\$655**
- **SUBSTITUTION** Side mount computer mount - HAVIS Computer mount and swing arm. **\$675**
 - i. Substitution Reason- In our experience these mounts are more stable and less likely to encounter issues with hardware loosening/being damaged after prolonged use.
- Havis Docking Station for Panasonic Toughbook Model FZ-40 - **\$1250**
- Webboost signal booster- Drive Reach **\$500**
- Stinger DS LED **\$200**
- Whelen Arges 2 Remote Spotlight with mounting kit and controls **\$900**
- Roll Bar gun mount- Blac Rac 1082 **\$700**
- Setina Single Prisoner Transport Partitions - **\$1249**
- Accessory USB power and 12v socket **\$15**
- 3x Magnetic mic mounts **\$120**
- Tail Light Flasher **\$1200**
 - i. **NOTE:** We have access to the Ford PRO upfitter programs. If this vehicle is equipped with the Ford Pro upfitter harness, many of the electrical accessories could be attached to and controlled by the factory vehicle interface. Possibly reducing component load and labor time on this vehicle.
- Decked Cargo System - **\$1600**
- **SUBSTITUTION-** Vehicle Specific Westin EXP Truck Cap. Full Aluminum body with side flip open windows. **\$4199**
 - i. The construction style of this truck cap includes a reinforced gull wing door. This brand is also a product we are more familiar with and can better monitor shipping for.
- Antennas and Cables for communication equipment **\$250**
- Motorola M500 Install- **Part of labor**
- Tait TM9455 radios-**install only**
 - i. Our company does not currently have direct access to this equipment. Installation is available, but we would request customer be willing to supply
- Installation Labor - **\$7000**
- **Consolidated Freight Costs - \$500**
- **Total Per Vehicle - \$32,302**

4. **Estimate of Completion Time.** Each vehicle is expected to be complete and functioning within **ten(10) to fifteen(15) business days of initial work start**. With respect to other existing work and facility space available, the expected timeline of complete work on the eight(8) vehicles proposed would be between **150-180 Calendar days**.

- **Timeline Considerations:** Many of the requested components are available within approximately 10-15 business days from the time of order. However, some specialty components, such as the wiring harnesses, light controls systems, and partitions have the possibility of taking 20+ days to arrive.
- **Cost Burden Considerations:** Performance and Repair Specialties is a small business and as such requests that **payment for parts** be made **in total** prior to the ordering of any necessary parts for the upfit. Standard supplies, such as miscellaneous hardware, electrical connectors, assorted shop supplies and Labor costs will be billed separately at the time of completion **per vehicle**.
- **Facility Limitations:** Performance and Repair Specialties has space allowing for the staging and storage of all vehicles outdoors. Specialized tuning and programming of **Radio and Communication equipment** is the responsibility of Umatilla County.

Proposal for Vehicle Upfitting

Estimates are good for 120 days.

Changes from Scope of Work:

F350 – Slim-Miser only available in two colors.

Expedition – I was told that the Thunderstruck push bar is currently unavailable. I have included it in the bid in case things change and they will make it.

The Expedition does not come with the option to flash the headlights, taillights and backup lights.

Roll bar gun mount. It is recommended that it be installed vertically in the RP section of the screen. If it must be mounted horizontally on the roll bar that can be done. For the F350 it is recommended that it be mounted vertically on the SPT.

It will take 8-10 weeks to get all the equipment. It will take 5-6 business days to complete each vehicle. Ten weeks total for the install.

FCI has been building police vehicles for 50 years. Alan Bateman has been running the business since 1990. Mike Bateman has been the lead tech since 1994. Some of our oldest clients include Pasco PD and Snoqualmie PD which have been with us since 1992.

Total cost for the eight vehicles is \$235,554.00

Thank you,

A handwritten signature in black ink, reading "Alan Bateman". The signature is fluid and cursive, with a long horizontal stroke extending from the end.

Alan Bateman

Umatilla County, Oregon

Request for Proposal for Vehicle Upfit & Installation of:

(4) Dodge Durango Pursuit Vehicles, (3) Ford Expedition SSV's & (1) Ford F-350

Vehicle Lighting Solutions, Inc. was established in 1996 and has shown continued growth and expansion as an industry leader in our market area over the past 29 years. VLS employs a team of 25 highly skilled technicians with multiple industry certifications across three separate locations and we take pride in providing not only the best installation service but customer service as well.

- All pricing included in the attached estimates from Vehicle Lighting Solutions are valid until Friday, September 12, 2025.
- Upon approval of the requested bid on May 22nd. VLS can start the installation process within 8-9 weeks, allowing the various vendors the standard 6-8 week lead time for product manufacturing and delivery with an estimated start date of July 28th 2025.
- Once the installation process begins, VLS will complete one vehicle a week for an estimated completion date of all eight vehicles by Sept. 19th, 2025.

Product Substitution:

- Thunderstruck Push Bumpers- The RFP has requested Thunderstruck Push bumpers for the Durango and Expedition builds. VLS was set up as a dealer for Thunderstruck and has since started a process to become a dealer. The dealer process has taken longer than expected and to not hold up the bid any longer I have included part numbers and pricing for a similar model Setina Manufacturing push bumper/ grill guard. Once I have current pricing from Thunderstruck, I can resubmit the bid with the product requested unless Umatilla County would like to keep the Setina model.
- Expedition prisoner transport with center pull seat belt system- Setina was mentioned in the RFP but they do not make a center pull seat belt system for the expedition so I have replaced that with the Troy Product equivalent.
- Troy Product Side Console Mount Laptop Mount- I have substituted this mount with the Havis Side Console mount to ensure the compatibility between the console and console mounted laptop mount.

Vehicle Lighting Solutions, Inc.
