Summary:

The V300 body worn camera will not function with EL4. You must be using EL5 or a cloud based backoffice software solution.

EL5 (now called Videomanager EL) runs on a Linux based server that allows for wireless upload and retention rules.

I understand that Umatilla Co. Sheriff's Office has had EL5 since 2020. Please verify that you are using EL5 before placing any order for V300 cameras.

** I see that Smart PoE Switches were ordered with the 4RE in-car units in 2020 under P.O. ERS19633. A Smart PoE switch is required for the V300 body worn camera to integrate with your existing 4RE. Please verify these are still in use and functioning. Smart PoE Switches are not included in this quote.
