FIELD NOTES

OWNER: Eloise Van Slatte

TYPE OF SURVEY: Sub-Division

LOCATION: Section 15, Township 5 North, Range 28 EWM

From the Northeast corner of Section 15, Township 5 North, Range 28 EWM which is marked by 1" iron bar, I ran South between this corner and the concrete monument set by the Army Engineers to renew the Southeast corner of said Section 15, and at the mid-point, I set an iron pin to mark the $\frac{1}{2}$ corner on the East side of Section 15. Having already determined the location of the $W\frac{1}{2}$ Corner and the Northwest corner of said Section 15 by a previous survey for the sub-division of Umatilla Heights, I then staked out the lots as shown on the accompanying plat.
