

NARRATIVE: The purpose of this survey is to stake the corners of Lot 12, BLK 9, NEWPORT ADD. to City of HERMISTON and to tie 2 large trees.

I used an Iron rod near the SE Corner of said lot as the property line because the owner of lot 13, Bob Russell, said it was set by Co. Surveyor Hayes many years ago and it fit the angle measured from Main St. according to surveys by me in 1978.

I set the south corners 1.30' South of the lot corners because of a conc. curb running along the south Lot line.
