

**BASIS OF BEARINGS**  
Bearings on this map are GPS observed  
Grid bearings rotated 1°27'36" clockwise  
to match the bearings from survey 02-103-B  
on the center line of Halstead Street between  
Dale and Esteb Streets.

Esteb - Keeler line NOTE:  
The jog in these lines shown on the assessor's map does not exist but is the result of the deed calling for "along the southerly and westerly lines" of the Keeler tract cited in the deed Book 335, Page 339. This call comes from an error in the Keeler deed. See the narrative for more information.

## BOUNDARY SURVEY
